growth hacking a
simple definition
how to get

June 7th, 2020 -
growth hacking is
an umbrella term
for strategies
focused solely on
growth it is
usually used in
relation to early
stage startups
who need massive
growth in a short
time on small
budgets the goal
of growth hacking
strategies is
generally to

acquire as many users or customers as possible while spending as little as possible'

'3 tips to take charge of your emotions tony robbins

June 2nd, 2020 - this is the one power that you have right now in this moment that can change everything the only thing keeping you from getting what you want is yourself the only thing keeping you from the joy you deserve is the disempowering story you keep telling yourself'

'uncover hidden emotions what s really pushing your

June 1st, 2020 - everything external is internal this means that if something outside of yourself is bothering you for example someone else s behavior then you have that within you as well if you didn t there would be no emotional charge to it take away the judgment you are not less spiritual lovable or amazing because you are feeling a negative'
