'**blood an epic history of medicine and merce by douglas**
July 18th, 2019 - seasoned journalist and former field
biologist starr writes an outstandingly lively history based
largely on archival research and interviews of an
unexpectedly dramatic topic the international science
economics and politics of blood transfusion the topic
subsumes several others methods of collecting and storing
blood of deconstructing it isolating out its several
ponents"plasma a promising covid 19 treatment has a dark
history

May 26th, 2020 - t he story of plasma begins on the eve of world
war ii the greatest blood shedding in human history the allies knew
that blood would be a key resource for treating those injured in
battle but were also well aware of its shortcomings blood could only be
stored for a few weeks before the red cells break down too short a
time to be shipped and saved for battle overseas"**blood blood an
