**May 31st, 2020 - introduction** Katherine Kolcaba's theory of Fort, a mid-range nursing theory and conceptual framework, was first developed in the early 1990s. Although relatively new, the theory has materialized into a world-renowned theory that challenges nurses to prioritize patient care. Kolcaba was born in 1944 in Ohio and received her diploma in nursing in 1965 and her PhD.
