**June 2nd, 2020 - the strange order of things is a landmark reflection that spans the biological and social sciences, offering a new way of understanding the origins of life, feeling, and culture. Antonio Damasio'**

**'the strange order of things: life, feeling and the making'**

**June 4th, 2020 - the feeling of what happens: body and emotion in the making of consciousness. Looking for Spinoza: joy, sorrow, and the feeling brain. Self as to mind: constructing the conscious brain. In the strange order of things, he emphasizes the role of homeostasis in making life possible.'**

**'the strange order of things: life, feeling and the making'**

June 3rd, 2020 - the strange order of things is my first book by Damasio but it was a bit of a disappointment. It tries to synthesize the entire evolutionary history from RNA-based precursors of modern life over bacterial cultures through human cultures and into the prospects of artificial intelligence through the prism of homeostasis.'

**'the strange order of things: life, feeling and the making'**

May 17th, 2020 - the strange order of things: life, feeling and the making of cultures. Email joined by Manuel Castells, one of the world's leading sociologists, for a fascinating conversation on the origins of life. Mind, he is the author of *Descartes Error: The Feeling of What Happens*, *Looking for Spinoza*.'
