May 17th, 2020 - i had no idea  
stone mothers was another name  
used for mental hospitals or  
asylums in victorian times and  
after reading about the way the  
patients in these asylums were  
treated even into the late 1950s the  
title takes on a whole new meaning  
i loved the slow build up of  
suspense in this book and the way  
everything eventually ties together'
