digable planets reachin a new refutation of time and

April 9th, 2020 - digable planets reachin a new refutation of time and space pendulum records erg rapreviews back to the lab series as reviewed by steve flash juon as much as i enjoy ego trip s book of rap lists i ve always taken great exception to the fact that on pages 334 335 they list the self proclaimed greatest albums of 1993 and that digable planets is nowhere on the list'

'various artists ego trip s the big playback

May 25th, 2020 - one of the frustrating things about ego trip s irreverent but affectionate book of rap lists is that many of the songs it lovingly memorates never made the transition from vinyl to pact disc to correct the oversight the book s editors and rawkus records have teamed up for ego trip s the big playback piling a dozen rare and obscure old school treasures from the reagan era the'
