'The Music Of Chance movie review 1993 Roger Ebert

May 3rd, 2020 - The Music of Chance is one of those movies you can argue about for hours It refuses to reveal its meaning yet seems convinced it has one The acting is all perfectly straightforward Durning and Grey are inspired in their cheery double act the details are there to be seen the wall is eventually built and yet when you try to add up all the details they seem as elusive as life itself'
